September 16, 2024

Dear MECR Students, Staff and Board,

I hope you and yours are all doing well.

Part of our responsibility as a program that receives government funds through Title IV is to distribute an Annual Security Report. This report shows what crimes have been committed at MECR so that students are aware and can make informed choices about their safety. The location for MECR since April 2021 is 3975 Martin Luther King Jr. Blvd, Denver, CO 80205. MECR requests a Police Report every year and the Police Report shows no crimes at MECR in 2023. This refers to crimes that were reported and verified by police that fall into the Clery Act categories. We have had some incidents of vandalism when people from the nearby community came onto the campus and knocked over our flower pots, but these are rare. We have also witnessed a few altercations between people not related to Clayton or MECR. These incidents did not show up on the Police Report for our building because it did not fall into the specific Clery Act categories and did not meet the threshold for Police reporting, but we are mentioning it here because we like to have due diligence in this reporting.

Clayton is a 20 acre park-like campus and the Clayton Administration employs a security company to monitor the entire campus, including MECR during the hours of 10pm and 4am. Our building has an alarm system and is well supported by the Clayton staff. There are also some security cameras throughout the campus. It is a campus where children are playing on the grounds and maintenance workers drive around on golf carts, overseeing the property. It is a campus of non-profit organizations dedicated to early childhood development. We feel fortunate to be working on this lovely, intentional campus.

The MECR building also gets routine checks by the local fire company to make sure we are up to standards. We are included in all Clayton Fire safety and active shooter drills.

For the full report, please go to our website at [www.mecr.edu](http://www.mecr.edu) and see the "Policies" link at the bottom of any page on the website. I have also attached information on the Jeanne Clery Act and our actual Crime Report to this email.

If you have any questions at all about this report please don't hesitate to respond to this email or call me at 303-494-3002. I am happy to help.

My very best to all of you,

Susan
